Office of the President, District Board, Shimoga.
Dated Shimoga, the 31st Oct. 1928.

From

B.T. Kesavaiengar, Esq., B.A.,
President, District Board,
SHIMOGA.

To

R. Ranga Rao, Esq., B.A., B.L.,
General Secretary to Government,
BANGALORE.

Sir,

I have the honour to state that the Executive Engineer, Shimoga Division in his No. 181 dated 20th September 1928 brought to the notice of the President that the mileage grant of the Ananthapur-Thirthahalli Road was quite insufficient to maintain the road in good order, and that vehicular and bus traffic is increasing on this road and recommended for the increase of the mileage grant from Rs 70/- to 150/-. When the subject was considered at their meeting held on the 4th and 5th October 1928, the Board were in favour of increasing the grant to Rs 120/-.

A copy of the resolution passed on the subject together with the copy of the letter received from the Executive Engineer in the matter is enclosed herein for information.

In view of the extension of the Railway line to Arasalu, the traffic on the road is bound to increase, and it is found necessary to increase the mileage grant to maintain

maintain the road in fair order.

I therefore request that you will be so good as to obtain sanction of Government to increase the mileage allotment from Rs 70/- to Rs 120/-. The extra expenditure involved will be met by reappropriation from the sanctioned grant under A2. (Annual repairs. Public works executed by the Public Works Department).

I have the honour to be

Sir,

Your most obedient servant,

For President,

District Board, Shimoga.

"Extract"

For President,
District Board, Shimoga.

Letter No.181 dated 20-9-1928 from the Executive Engineer, Shimoga Division to the President, District Board, Shimoga.

Ananthapur-Thirthahally Raod.

I have the honour to state that about 1/3 the length of the above road is metalled here and there and the rest gravelled. It is found impossible to maintain the road in good order with the present mileage grant of Rs 70/-. The traffic on the road is also increasing and a motor bus is plying on the road. It is, therefore, necessary that the mileage grant of this road should be increased at least to Rs 150/- to meet the demands of the traffic and avoid complaints from the public.

As it is not possible to metal the remaining portion of the road from the A.R. grants, I would propose to get this work done under special grants (either from Cess Funds or District Funds) after getting sanction for the estimate.

The subject may, therefore, be arranged to be placed at the ensuing Board meeting, if necessary, for consideration and the resolution passed intimated for taking further neeful action in the matter.
